

MTR Named Asia's Best Managed Company and More

FinanceAsia Magazine has awarded the MTR Corporation with five top honours, including Hong Kong's Best Managed Company with the Best Corporate Governance, Best CEO for Mr C K Chow, Best CFO for Mr Lincoln Leong and the Best Investor Relations. The awards came out of an annual poll to select the top companies in Hong Kong.

"Winning five major awards in this annual poll is a strong endorsement of the Corporation's vision and our quest to deliver returns to our investors while providing quality service to our customers," said Dr Raymond Ch'ien, Chairman of the MTR Corporation. "We take our corporate governance and our relationship with investors very seriously, so to have those efforts recognised is deeply rewarding. As we continue forward, we will strive to do even better."

"Mr Chow has also won Hong Kong's Best CEO for the second consecutive year," added Dr Ch'ien. "It recognises his outstanding efforts in leading the company not only here in Hong Kong, but growing it internationally as well."

FinanceAsia collects votes from more than 300 investors and analysts across the region to compile the list of Asia's top companies each year.
